We've been installing Cloud Backup services for many years. The benefits of backing up your data to the cloud are numerous:

1. Low Price, Cloud Backup costs $50 per year
2. Alerts are sent to you if for some reason a backup didn't take place
3. Your data is somewhere else in the world, if there is a flood, fire, burglery at your home or business

We recommend [Back Blaze Online Cloud Backup](#) . Click link to sign up.
