The Apple Macintosh Operating System is quite possibly the most user friendly OS available. The Mac has seen an increase in popularity in recent years due to groundbreaking products from Apple such as the iPod, and the iPhone and the realization that it has a lot of advantages over other machines. People tend to find the Mac tends to run trouble-free, even though it costs more initially - over the lifetime of the machine it will historically cost less to own than a Windows machine.

ESydor Tech provides the following Macintosh support services:

- Migrating your Windows/PC Data to your new Mac
- Troubleshooting
- Purchasing assistance (Find you the right Mac at a great price)
- Hardware Installation/Upgrades
- Software Installation/Upgrades
- Macintosh Networking Support
- iPod Support
- For Realtors we Setup Parallels & Windows Regularly
